

Thank you for your interest in supporting Victory Heights Recreational Trails

Cooloola Trail Care Alliance are a dedicated organisation of volunteers who have leased 60ha of freehold land from Gympie Regional Council in order to provide a unique trail-based public recreation facility right in Gympie.

CTCA receives no Council or State Government funded support with operating and maintaining the facility and relies entirely on voluntary contributions and local business supporters to cover costs.

Over a six year period we have made substantial gains with developing over 20km of fully signposted mountain bike and shared-use trails, rest shelters and water points, kids track, skills area and pump track, in addition to much needed environmental restoration and repair work throughout the forest.

This year we successfully launched Victory Heights Trail parkrun which is a weekly 5km fun-run, fully insured, individually timed and free to join in each Saturday. A 2km and 3km signposted bushwalk has also been added to help people build up their endurance and confidence before tackling the 5km parkrun circuit. We have recently embarked on an ambitious 7.5ha (4000 tree) Koala Habitat Restoration Project in addition to a major trail redevelopment project near the entrance that will provide 7 new trails featuring expert-level jump lines to beginner-level kids track extension.

Your contribution enables our volunteers to continue to maintain, expand and improve this free-admission recreation facility for the benefit of all Gympie residents and visitors.

Please read and return the attached form which explains how you can become a partner in this local community project.

Thanks again for your interest

Yours Sincerely

Andrew McLaughlin

President CTCA Inc.

CTCAinc
COOLOOLA TRAIL CARE ALLIANCE

This 60ha recreation facility is provided and maintained by **Cooloola Trail Care Alliance Inc.** with help from local businesses and volunteers.
Your help to keep it going is much appreciated:

- donate spare change
- contact us about volunteering
- consider sponsoring a trail

We hope you enjoy your visit!

Over 20km of Mountain Bike single track

Over 17km of Shared Use trails including 7km of fire roads

Three signposted trail running & walking circuits (2, 3 & 5km)
